Finding a member

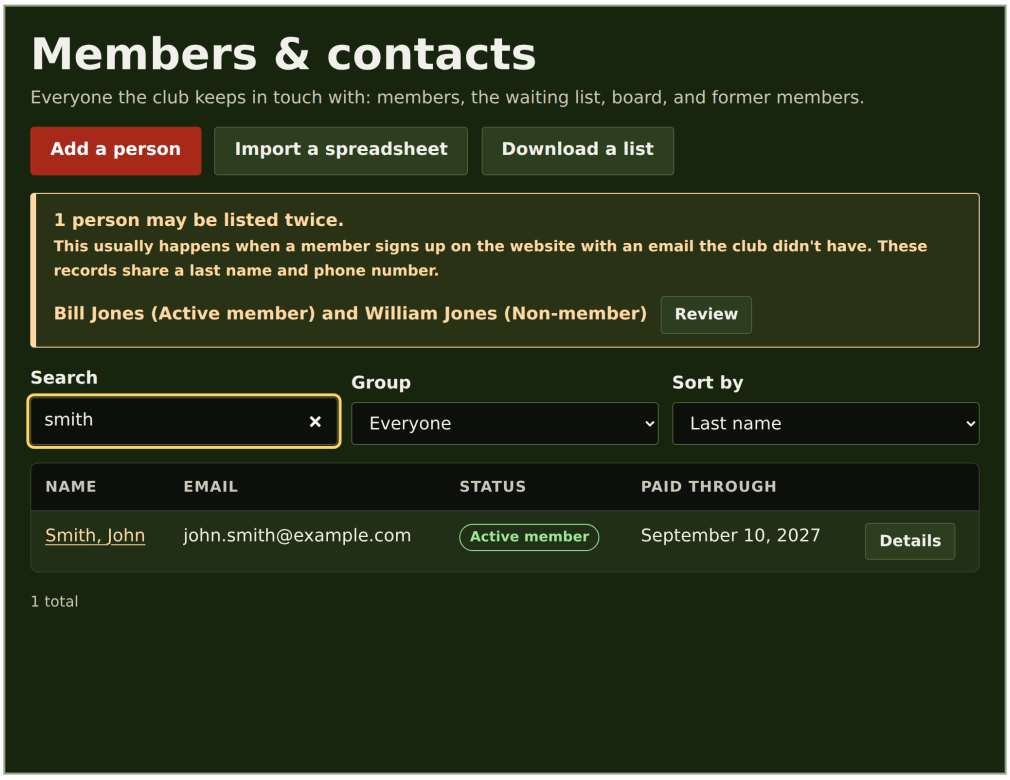

How to search the club's list and look someone up.

Everyone the club keeps in touch with is on one list: members, the waiting list, board members and former members. Here's how to find someone quickly.

Searching

1. Sign in to the board website and click **Members & contacts** in the menu on the left.

2. Click in the **Search** box and start typing. The list updates by itself as you type; there's no button to press.

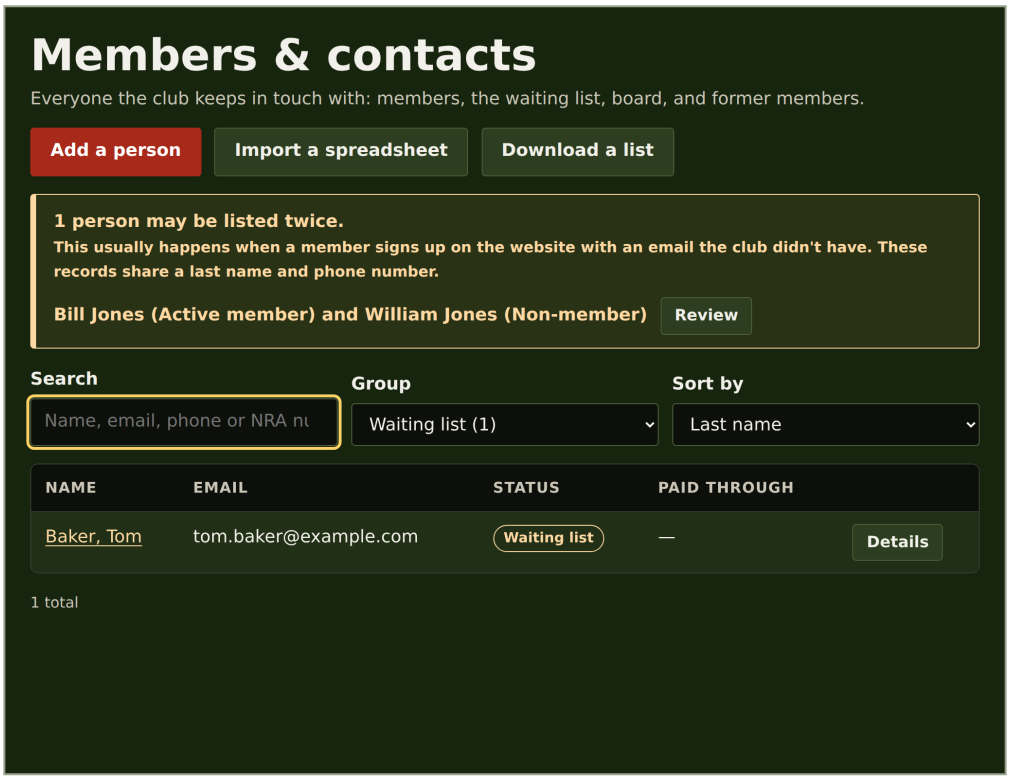

Typing "smith" shows John Smith.

You can search by…	Example	Tip
Name	**smith** or **jane doe**	Part of a name is enough. For a full name, type first name then last name (not "Doe, Jane").
Email	**jane.doe@**	Part of the email works.
Phone number	**0111**	Type the **last four digits**. That finds them however the number was typed in.
NRA number	**100000001**	Type the whole number or the first part.

Showing just one group

3 Use the **Group** drop-down to show only some people, for example everyone on the waiting list.

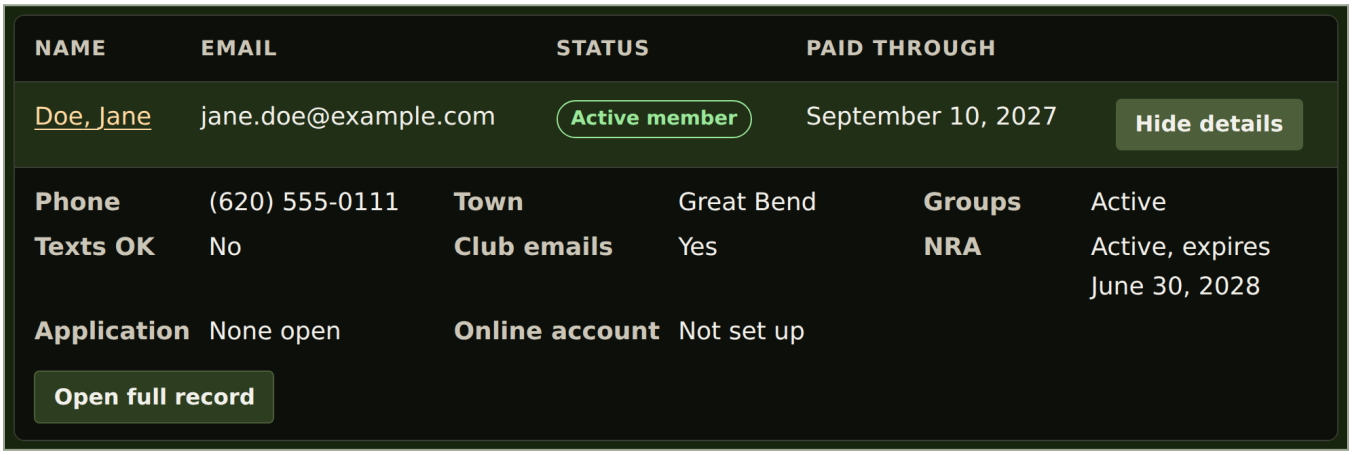

Group set to Waiting list.

Group	Who's in it
Everyone	The whole list.
Active members	Current, paid-up members.
Board	Board members.
Shooting committee	Members on the shooting committee.
Waiting list	People who applied and are waiting to join.
Non-members	Contacts who aren't members, including new website sign-ups.
Former / expired / terminated	People whose membership ran out or was ended.

You can also change the order with **Sort by**: by last name, by renewal date (whose dues run out first), or newest first.

Looking at someone

4 Click **Details** on their row for a quick look: phone, town, NRA, whether texts are OK, and whether they've set up their website login. Click **Hide details** to close it.

5 To see or change everything about them, click their **name** (or **Open full record**). See the guide *Updating a member*.

Can't find someone?

- Try fewer letters, for example just the last name or the last four digits of their phone.
- Check that **Group** is set to **Everyone**.
- Their name may be spelled differently or shortened (Bill or William). Try their phone number or email instead.
